

Services

All Over Quilting: a basic design quilted edge to edge over the entire quilt.

Binding Service

Additional Services:

-  Piecing the backing
-  Pressing top or backing
-  Rush Order
-  **Batting:** Dream Cotton batting is available. You may also provide your own batting.

****Quilt tops are accepted by appointment. I strive to complete the work in a timely fashion, but each quilt is quilted in its turn.**

Inquire regarding mailing your quilt.

Please note: While I do my best to minimize them, I cannot be responsible for wrinkles, puckers or fullness that has been pieced into the quilt.

Tips for Quilt Preparations

-  **--Important--** I recommend a complimentary print for the backing fabric.
-  **-Tops-** need to be pressed with seams lying flat and all loose threads clipped from the front and back.
-  **-Backing and Batting-** should be six inches larger than the top on all sides. Backing must be square. Seams on pieced backs should be spaced evenly across the quilt back and should be pressed open.
-  **-Prices-** are based on the total square inches of quilt (length in inches x width in inches = total area in square inches). Prices are subject to change without notice. **There will be a minimum quilting fee of \$35.**
-  **-All-Over-Quilting-** \$0.02-0.03 per square inch.
-  **-Thread Fees-**\$6.00 per quilt for standard thread types and \$8.50 per quilt for specialty threads

Border Tips:

-  Avoid handling your quilt by the borders once they have been attached. This can stretch them and cause them to become loose and wavy.
-  Straight borders cut from the length of the grain, (parallel to the selvage) lay much flatter than those cut cross-grained.

 **Make and Attach :**
You supply the fabric and I will make the binding and attach it so that you can hand whip it down \$1.25 per linear foot.

Quilt Preparation

Proper quilt preparation will save me time and you money. By following the preparation steps below **you can avoid time delays and "add-on charges"**.

-  Press your quilt top and backing thoroughly.
-  If you pre-wash your fabrics, it is best to pre-wash all of them.
-  Clip all loose threads from back and front of quilt top.
-  Square up backing fabric.
-  Your backing and batting should be 6" larger than your quilt top on all four sides.
-  Do not baste, pin or tack your quilt together. Just fold each piece.
-  When seaming your backing, be sure to remove all selvages from the seam. Selvages may remain on the outside margin of the backing.
-  Be aware that fullness and puckers, which have been pieced in, cannot be quilted out.

Please note all quilts are trimmed to 3/4 inch unless otherwise requested.

All usable leftover batting and backing material will be returned to you with the quilt.
